

# EXECUTIVE COMMITTEE

Twenty-Second Regular Meeting  
2 - 3 October 2002

*IICA/CE/Doc.415(02)*  
*19 August 2002*  
*Original: Spanish*

## **NOMINATIONS FOR CONFERRAL OF EMERITUS STATUS**

San José, Costa Rica

Appointment of Emeritus status is conferred by the Executive Committee, at its own initiative, or by proposal of the Director General of the Inter-American Institute for Cooperation on Agriculture.

Article 16 of the Rules of Procedure of the General Directorate states:

“The Executive Committee may confer appointment and title of Emeritus at its own initiative or by proposal of the Director General, to staff members with high professional personnel classification, who have made outstanding contributions, have completed thirty years of professional practice, have been linked to the activities of the Institute for the past fifteen years, and have completed ten years at its direct service.”

Pursuant to this rule, the Director General of IICA presents to the consideration of the Executive Committee, at its Twenty-second Regular Meeting, Mr. Jaime Acosta Bernal, Mr. Hector Morales Jara, Mr. Gilberto Paez Bogarin, and Mr. Rodolfo Quiros Guardia, as candidates for consideration for the title of Emeritus. These former IICA staff members fulfill the requirements stipulated in the Institute’s rules for this special distinction.

The following documents are attached:

- Curriculum vitae of Mr. Jaime Acosta Bernal
- Curriculum vitae of Mr. Hector Morales Jara
- Curriculum vitae of Mr. Rodolfo Quiros Guardia

## **PROFESSIONAL EXPERIENCE**

**January 2000 - October 2000 General Manager of the Technical Consortium of IICA (CONTEC).**  
Inter-American Institute for Cooperation on Agriculture, San José, Costa Rica.

**October 2000 - January 2002 Deputy Manager of the Technical Consortium, of IICA**

Main functions: In charge of the Coordination of technical activities in the multinational strategic areas of IICA through CONTEC. Participation in technical meetings representing IICA. Responsible for hemisphere's institutional relationship between FAO and IICA. In charge of the Coordination of the Technical Forum of Ministries of Agriculture during the Inter-American Board for Agriculture (IABA). Head of the team responsible for the preparation of the Institutional Report "Present Situation and Future of Agriculture and Rural Development."

**January 1980 - December 1999. Representative of IICA in different countries (Venezuela, Dominican Republic, Mexico and Costa Rica).**

Represented the General Director of IICA in each country, coordinated the participation of IICA in national technical forums, administrated and managed internal and external funds assigned to technical cooperation projects in each country. Provided leadership concerning needs assessment, program development, implementation, monitoring and evaluation of technical cooperation projects at the country level in coordination with national authorities.

### **Main accomplishments in each country:**

**April 1995- December 1999 Representative of IICA in Venezuela. Caracas, Venezuela**

- The Agricultural Stock Market was developed and established in 1999 through a successful promotion process.
- A strategic cooperation plan for Technical Cooperation was defined. Competitiveness and rural development projects were developed. Main results of these projects were obtained in the following areas:
  - Commodity chains approach adopted by the sector.
  - Formulation and implementation of an Information computarised system for rural areas.
  - Inventory of farmers settlement ("asentamientos") and farmers associations in different regions
  - Formulation and implementation of development projects for the country-border region
  - Strategic plan for agricultural development at the State level (including the Monagas State strategic plan).

**February 1991- April 1995. Coordinator of the Action Plan of IICA. San José, Costa Rica**

- Funds gathering for a Rural Development Program based on priorities defined by the Government of Costa Rica.
- The implementation of a Technical project to strengthen the irrigation system in Cañas, Guanacaste, was successfully completed.
- Implementation of a joint technical cooperation with GTZ to develop a Sustainable Development project in the Puriscal Region.
- The Agricultural Stock Market of Costa Rica (BOLPRO) was developed in coordination with other specialists of IICA.

**1987- February 1991. Representative of IICA in México. Mexico City.**

- The IICA Office in Mexico increased activities.
- Animal and Plant health programs were initiated. These programs have progressively increased managing to date up to US\$3.5 millions.
- Funds from World Bank and the Mexican Ministry of Agriculture were negotiated and obtained to support the Training and Technical Assistance Program (PROCATI).

**1980-1986. Representative of IICA in Dominican Republic. Santo Domingo, Dominican Republic.**

- Established Marketing, Agricultural projects, Irrigation and Natural Resources Conservation as priority areas for external funding.
- The following projects were submitted to and funded by international donors: Technical Cooperation with INDRHI (funded by World Bank); The Lago Enriquillo Regional Project (funded by IFAD); Marketing, agroforestry, research, technology transfer and livestock project for the Secretariat of the Presidency (funded by IDB).
- Proposal for the development of markets in the city of Santo Domingo.

**1977-1980 Head of the Evaluation Unit and Coordinator of the Hemispheric Marketing Program of IICA, San José Costa Rica.**

Main responsibilities:

- Developed the methodology for the Evaluation of Technical Cooperation projects in IICA. This methodology was approved in 1977 by the Board of Directors of IICA during a meeting held in La Paz, Bolivia
- Participated in the development of general guidelines for the preparation of Technical Cooperation Projects of IICA.
- Worked as the linkage between IICA Headquarters and the Central American offices to develop the operative technical program for IICA in each country.

**June 1975- 1977 Marketing Specialist of IICA for the Integrated Marketing Project in the Dominican Republic.**

Main activities

- Participated in the development of an Agricultural Marketing needs assessment
- Participated in the design and development of the Rural Agricultural Services Centers (CENSERI)
- Participated in the formulation of an urban mobile market Project for the Municipality of Santo Domingo.

- 1970-1975**            **Worked as Project and Agricultural Marketing Specialist under the IDB and Guatemalan National Economic Council Agreement**
- 1968-1969**            **Consultant for the Evaluation of the Colonization in Peru, Ecuador and Bolivia funded by IDB and OEA.**
- 1964-1965**            **Rural Administration and quantitative methods teacher. Instituto de Investigación y Capacitación en Reforma Agraria de Chile, (ICIRA).**
