GO!

Welcome to IICA-Canada

This site has been redesigned to improve the ease of accessing information. On the left side of this introductory page you will find a list of the countries of the Americas, starting from the north, Canada, to the farthest south, Argentina. On the right side, you will find a list of categories such as agribusiness and trade, agricultural health, on-line maps, and so on. By pulling down the menus, select the country and category of choice and then click "GO!". You will find links with the most relevant information available on your choices. We hope that you find our Web site a helpful starting point in exploring the Internet and your feedback will ensure that we continue to meet your needs.

COUNTRIES

- A. Argentina

-----------	--

Big Emerging Markets	A service from the US Government providing information on key indicators for Mexico and its big emerging sectors
----------------------	--

Biotechnology Institute	Located in the Universidad Nacional Autonoma de Mexico, it provides information about its courses, congress and events and many links related to the subject
-------------------------	--

IIEc-Institute for Economic Research	A site providing information on IIEc programs, research studies, socioeconomic statistics of Mexico, and more
--------------------------------------	---

INEGI-National Institute of Statistical, Geography and Informatics	Provides official statistical and geographical information of Mexico including short-term indicators and the Mexican Development Plan
--	---

INIFAP-National Forestry and Agricultural Research Institute	An official site providing information on INIFAP programs and activities
--	--

IICA-CANADA WEB SITE: <http://www.iicacan.org> September 1997

IRO-Investors Relations Office	Site from the Ministry of Finance and Public Credit providing access to economic and financial data of Mexico
LADB-Latin America Data Base	A news and educational service on Latin America
Mexico Consensus Economic Forecast	Site providing economic outlook on the Mexican economy, from the College of Business, Arizona State University
Mexico Consensus Economic Forecast	A site providing economic and statistical data on Mexico economy
Mexico Net Guide	Site providing information on trade, business and tourism in Mexico
Mexico-Economic and Business Overview	A well elaborated site providing specialized information on aspects of the economic environment of Mexico, competitiveness, Mexico and the global economy and more
Mexico-Economy and Finance	Site from Latin World providing information and links to Mexican economy and finance organizations and institutions
Mexico-Sector Rural	An official site providing information on the activities being developed by the Secretariat of Agrarian Reform of Mexico
MIB-Mexican Investment Board	MIB is a not-for-profit organization with the mission of helping foreign investors to explore and invest in Mexico
National Market Information Service	This site provides information on agricultural and fishery market
OEI-Official Economic Information	Provides official information on economic policy guidelines for 1997, documents and reports on economic policy and the economy's evolution
RIR-Red de Informacion Rural	A site providing comprehensive information on the rural sector of Mexico, as well government and NGO
SAGAR-Secretaria de Agricultura, Ganaderia y Desarrollo Rural	An official site providing information on policies, programs and activities of SAGAR
Social & Economic Information	This site presents the current economic issues in Mexico, as well as social information
Trade Comission of Mexico in Toronto	A site providing information on trade and investment opportunities in Mexico
P: Nicaragua	
Ministerio de Economia y Desarrollo	Provides official socio-economic information on the Nicaraguan economy, science and technology, natural resources and more
Nicaragua	General information on Nicaragua's economy and finances, business and commerce, organizations, government and more. Provided by Latin World
Nicaragua Online	Commercial site with news, business and travel information
Nicaragua-A Country Study	A comprehensive publication from the US Library of Congress
Q: Panama	
Panama	General information provided by Latin World in the areas of economy and finance, business and commerce, education and research, government and more
Perspectivas de la Economia de Panama	Official information from the Ministry of Planning and Economic Policy
Panama-A Country Study	A comprehensive publication from the US Library of Congress
R: Paraguay	
BVPASA-Bolsa de Valores y Productos de Assuncion S.A.	Provides daily quotes and specialized information on Paraguay stock markets
Paraguay	Site containing information on Paraguay's geography, economy, government and more

IICA-CANADA WEB SITE: <http://www.iicacan.org>

September 1997

Paraguay	General information on Paraguay's economy and finances, business and commerce, government, education and research and more
Paraguay-A Country Study	A comprehensive publication from the US Library of Congress
S: Peru	
Estadística Agraria	Provides information on Peruvian agriculture, production and harvesting, external market, prices, and many more
INEI-Instituto Nacional de Estadística y Informática	Provides information and a data bank on socio-economic statistics, and more
Ministerio de Agricultura	An official site providing information on policies, programs, agricultural statistics and more
Peru	General information on Peruvian business and commerce, economy and finance, education and research, government and politics, and many more. Provided by Latin World
Peru Home Page-Red Científica Peruana	A site providing information on trade, organizations, government, Latin America and more
Peru Online	Provides access to information on Peruvian trade, organizations, science and technology and more
Peru-A Country Study	A comprehensive publication from the US Library of Congress
Servicio Nacional de Sanidad Agraria - SENASA	Provides information on Peru's agricultural health services including sanitary and phyto-sanitary emergency measures, and more
WWW Comercio Internacional	Provides information on international trade exchanges, future and options of Peruvian commodities. Site in Spanish only.
WWW INTERPERU.COM	Site aimed at promoting Peruvian companies to international markets
T: Trinidad y Tobago	
American Chamber of Commerce of Trinidad y Tobago	Site providing information aimed at facilitating trade and investment opportunities between Trinidad y Tobago and US
Business & Economy	Site providing information on a vast list of sectors in Trinidad y Tobago, including businesses companies, multi-national corporations and more
HIEROS GAMOS-Business and Legal Guides	It is a comprehensive legal site providing information on online guides to doing business in Trinidad y Tobago and other countries
Trinidad y Tobago Chamber of Industry and Commerce	A voluntary non-profit organization comprising a wide cross section of its business community including agri-business
U: United States of Americas	
@griculture OnLine	Preview of successful farming's web site
AALAS - American Association for Laboratory Animal Science	This is the doorway to Alpha, a source of information about the AALAS
AAPSE - American Association of Pesticide Safety Educators	An association of environmental and pesticide safety educators providing science-based education programs to the public
ACLAM - American College of Laboratory Animal Medicine	It provides information on ACLAM programs and activities
Ag.Market Information Virtual Library	Provides a wealth of information on agricultural markets
AgMAS-Agricultural Market Advisory Service	AgMAS analyzes, monitor and provides marketing recommendations for corn, soybeans, wheat, cotton, cattle and hogs on a daily basis

IICA-CANADA WEB SITE: <http://www.iicacan.org>

September 1997

AgNIC-Agriculture Network Information Centre	AgNIC is a network that provides access to agriculture-related information, subject area expert and more
AgPage	Comprehensive site in agriculture, providing links to a variety of subjects as agribusiness and trade, weather, precision-farming, markets, universities, and more
AgriBiz	Free business information service providing agricultural management, merchandising, marketing and educational resources
Agricultural Genome Information Server	Provides agricultural genome databases and related biological information. It also provides a list of valuable links related to agricultural genome and reference servers
Agricultural Genome Information System	An integrated system for agricultural genome analysis provided by USDA-National Agricultural Library
Agricultural Market Information Virtual Library	A site providing information sources available through the Internet: daily to yearly market and outlook reports, prices, commodities and quotes
Agricultural Perspectives	This page attempts to outline some of the varied developments in agriculture found on the web
AGRINET	A worldwide agricultural property and information service. Offers direct links to sites in other countries, world perspective page and a large selection of links to sites of agricultural interest
AgriNet-Trade	Developed by Texas A&M Agricultural Program it provides a single starting point to all agricultural resources on the Internet with the objective of promoting agribusiness and to enhance agricultural product marketing and research
AgriNews	Excerpts and articles from the current issue geared to the agricultural producer
American Academy of Veterinary Informatics	Gives information on its mission, the dissemination and application of knowledge, further educational and scientific progress, identify qualified specialists in veterinary informatics, and more
AMIA-American Medical Informatics Association	Provides information on AMIA's meetings and educational events, structure and operations, publications, and related issues
ANBP - Association of Natural Bio-control Producers	Provides information on biocontrol agents and their use in both commercial agriculture and home gardening
Animal Care	This site, part of the USDA/APHIS Web, provides information on related legislation and publications.
Animal Health/Emerging Animal Diseases - AHEAD	Provides access to wildlife disease newsletters, and to technical information on animal emerging diseases such Bovine Spongiform Encephalopathy and rabies
APHIS/USDA Emergency Programs	Describes the role of APHIS in keeping foreign animal diseases out of the US. Provides information on the program's mission, history, support services, and information resources
APSnet-American Phytopathological Society	Provides information on research and education issues, through three journals on-line: Phytopathology, Plant Disease and Molecular Plant-Microbe Interactions
ARS Medical and Veterinary Entomology Research Laboratory	Provides information on the laboratory history, mission, research units, and accomplishments
ATHP: Agricultural Traders' Homework Page	Service from Chicago Mercantile Agriculture Exchange, providing information on commodities prices and charts, daily hog and cattle reports, forest products resources and more
ATMIC: Agricultural Trade and Marketing Information Center	Service provided by USDA/ARS and National Agricultural Library to disseminate information in many aspects of agricultural marketing and trade
AVI-Association for Veterinary Informatics	Provides information on its activities and related scientific events, newsletter and links.

IICA-CANADA WEB SITE: <http://www.iicacan.org> September 1997

AVMA - American Veterinary Medical Association	This site provides general information on the AVMA, policy and guidelines, veterinary industry data, bulletins, news, press releases and public health information
BIO-Biotechnology Industry Organization	Provides information of interest to the biotechnology industry
Biological Control Virtual Information System	A comprehensive list of links to information on biological control organizations, databases and Web sites around the world
Bio-Products Centre Inc.	A consortium of commercial corporations with universities and research organizations aimed at developing commercially viable biological control agents for use in crop protection and plant growth enhancement
Biotech Law Web Server	It is maintained by a multi-practice law firm (Foley & Lardner) to provide legal and scientific information of interest to biotechnology researchers in areas including intellectual property, regulatory affairs and others
Biotechnology Information Center	Provides access to a variety of Internet servers and publications on various aspects of agricultural biotechnology
Biotechnology Websites	A list of useful biotechnology home pages and web-sites
CAAT - Johns Hopkins Center for Alternatives to Animal Testing	Provides information on CAAT mission, history, programs, grantees, publications, resources and meetings
California Exotic Plant Council	Provides information on the Council, on coming scientific events, links to exotic plant resources and weed identification pictures
Center for Disease Control and Prevention - CDC	Provides information on the Center's mission, activities, programs, advice to travellers, publications, software and products, training and employment, and more
CFTC Reports	Convenient access to major government reports. Commitment of trades at US commodity exchanges
Chartwatch	Provides financial future charts and technical analysis
CICP: Consortium for International Crop Protection	Formed by a group of US universities it aims to assist developing nations to reduce food crop losses caused by pests while safe-guarding the environment
EPA-Environmental Protection Agency	Contains information on regulations and approvals of fields releases of genetically engineered microorganisms
Farmer's Guide to the Internet	A comprehensive site with information on general farming resources, crops, market information, rural life and weather information, and many more
FAS Online	Service provided by USDA foreign agricultural service. Information on exports and Landsat images
FDLI - Food & Drug Law Institute	FDLI is dedicated to advance the public health by providing a neutral forum for critical examination of the laws, regulations, and policies related to drugs, medical devices, other health care technologies, and foods
FITA-The Federation of International Trade Associations	FITA fosters international trade by strengthening the role of US associations that have an international mission
Food and Drug Administration- FDA	A source of information on FDA's programs, activities, laws and regulation regarding imports, food safety, and more.
Forage Information System	provides links to worldwide forage-related information
Futures ONLINE	An online magazine with specialized information on agricultural markets, prices, quotes, and more
FutureSource	An excellent site for almost anything relating to commodity future markets, prices, news, etc
GAIN: Global Agribusiness Information Network	GAIN is an information database for agribusinesses. It is particularly focused on providing technical and market information on high value agricultural products, price reports, and more
GBX-Global Business eXchange	GBX - A Chamber of Commerce Global Business Promotion Service. This site provides an extensive databank with a large list of business opportunities in more than 30 countries

IICA-CANADA WEB SITE: <http://www.iicacan.org>

September 1997

GEARS-Global Entomology Agriculture Research Server	GEARS provides information about bugs, bees and planted things, and how they relate with other. Many links to related topics
Global Trade Point Network	Provides an online trade information service where users can search large databases and catalogue center. Free services includes a roadmap for exporting and doing business under NAFTA
Grain Market Analysis	On-line forum providing timely information in grain marketing at farm level and price analysis for corn, soybeans and wheat
IATP: Institute for Agriculture and Trade Policy	Site aimed at creating environmentally and economically sustainable communities and regions through sound agriculture and trade policy
ICGEB-International Centre for Genetic Engineering and Biotechnology	ICGEB is an international organization established to promote the safe use of biotechnology world-wide and with special regards to the needs of the developing world. It forms an interactive network with affiliated centres and member countries
IIBC-International Institute of Biological Control	IIBC provides services in research, training and information on biological control, and the use of living organisms as pest control agents. It operates in more than 30 developing and developed countries
ILAR - Institute of Laboratory Animal Resources	Provides information on its mission, roster of ILAR Council Members, program descriptions, publications and databases.
Inside Washington Ag	Daily and weekly agricultural market and policy analysis by World Perspectives Inc, including commodities future markets in some Latin America countries
Internet Resources in Agriculture	Selected by librarians at National Agricultural Library (USA)
IPMnet: Integrated Pest Management Network	Created by the Consortium for International Crop Protection it is a network and bulletin board of IPM reports, monthly issues of IPMnet news, a message board and communications with others interested in IPM in developing countries
Ipso Facto Daily Commodity Trade Recommendation	Commodity trading and daily recommendation page. The trade portfolio analyses 32 US futures markets on a daily basis and consists of three distinct technical trading systems
Laboratory Animal Care Information Sites & Resources	Provides links to laboratory animal science, national (U.S.) legislation, publications, and animal welfare issues
Library of Congress-Country Studies	A continuing series of books online prepared by the Federal Research Division of the LC
Market and Price Information	Service provided by the Farmer's Guide to the Internet. Contains a series of specialized links to agricultural commodity futures exchanges and other sites
Market Information System	It provides agricultural market information received from USDA
Market News and Agricultural Statistics	A service provided by IPM National Network with a list of links of interest in agribusiness and trade, prices, quotes, commodities future and options and more
Mecnet: Economic & Business Development Resources	A site providing financial and trade information, at country level
MJK Global Commodity Exchange Data	Daily closing prices at commodity exchanges worldwide, as well as daily top 10 & weekly top 10 & monthly top 10.
MRI's Daily Market Service	Free daily and weekly charts, ASCII price data for spreadsheets, price movers and more
NABC-National Agricultural Biotechnology Council	NABC is recognized as a reliable source of information on issues in agricultural biotechnology to decision-makers and others who have an interest in this subject
NAHMS-National Animal Health Monitoring System	NAHMS conducts national studies to gather data and generate descriptive statistics and compiles statistics and information from data collected by other industry sources
National Agricultural Library	It is an entry point to USDA National Agricultural Library, with an outline of NAL's collections, products and services

IICA-CANADA WEB SITE: <http://www.iicacan.org> September 1997

National Animal Disease Center	Provides information on avian and swine respiratory diseases; enteric diseases and food safety; metabolic diseases and immunology; virology; and zoonotic diseases
National IPM Network	Provides agricultural biotech information and links to Web sites related to integrated pest management worldwide
National Law Centre for Inter-American Free Trade	This site provides information and news on inter-American trade, Mexican laws, publications and more
National Trade Data Bank	Comprehensive source of international trade data. Registration is available and subscribers have access to thousands of files, including export information, statistics, market research report overseas contacts and trade opportunities
Partners of the Americas	It is a network of citizens from LAC and US who volunteer to work together in providing assistance and training to LAC communities
Plant Genome Database	A service from USDA provides genetic information on a variety of plant species. Links with related internet-based resources
Prices received by commodity, historic data series and indexes (Mann Library)	Service provided by Mann Library, an agricultural, life and social sciences library for Cornell University. Offers monthly and annual average US prices by commodity
Progressive Farmer Online	Site containing information on commodity markets, prices weather, news and many more
Resources for International Trade: Theory and Policy	Site with specialized information, theories and theorems in trade subjects such as comparative advantage and the gains from trade, imperfect competition and international trade, and more
Scientist Center for Animal Welfare	Provides information on welfare of animals, animal research issues, organizing and conducting conferences on scientific and ethical issues, books, periodicals, and more
Selected Country Information Sites	From Texas Agricultural Extension Service. This site provides relevant information on selected countries for businesses conducting international transactions
SVME - Society for Veterinary Medical Ethics	This site provides information on SVME background and objectives, current issues and papers, and on their annual conference
TBASE-Transgenic/Targeted Mutation Database	TBASE organizes the information generated and analyzed worldwide about targeted mutations and transgenic animals
TFC Commodity Charts	This site provides market data in meaningful graphics, following several of the major agricultural and financial commodities in daily, weekly and monthly interpretative charts, grain prices, etc
TFREC: Tree Fruit Research & Extension	contains a developing database of references on diseases and insect pests of fruit trees from Washington State University
TradePort	An international trade website providing an interactive tutorial explaining how to export to emerging markets (TradeExpert), integrated access to US Commerce Department's National Trade Data Bank and many more
Transgenic and Targeted Mutant Animal Database	It is an unique site in that researchers provide data about their lines of animals, therefore information that is not necessarily available from published literature is found in the database
UAL: United Agribusiness League	An international, multi-commodity association that provides agricultural firms specialized information to meet business challenges at home and abroad
United States Code	It provides the laws in force as of January 1996. The site's search engine gives access to US Code materials by title and section
USDA Plant Protection and Quarantine	APHIS (USDA) provides information on phytosanitary import regulations, permits, programs, activities, and more.

**IICA-CANADA WEB SITE: <http://www.iicacan.org>
September 1997**

USDA-Economic Research Service	Official source for economic and other social science analysis and information on agriculture, food, natural resources and rural America
USDA-Economics and Statistics System	This site provides documents about agriculture and conservation programs, including national and international production and trade updates
USDA-National Agricultural Statistical Service (NASS)	NASS provides a wealth of information on agriculture, statistics and database online, including AgCensus data
World of Agriculture	a site offering information from many organizations on farming, publications, technology partners, and other topics of interest for farmers and agribusiness
WPI (World Perspectives, Inc.) Consulting for Global Agricultural Trade	a site providing a wide range of policy and market strategic services to the public and private sectors, including trade policy strategies, market analysis and marketing strategies and more
WWW Virtual Library in Agriculture: Biosciences	Access to categorized information on agriculture, biodiversity and ecology, biotechnology, genetics and many specialized sites around the world, newsletters, periodicals, databases and software
WWW Virtual Library: Biotechnology	A comprehensive directory of biotechnology Web sites in the areas of biotechnology, genetic engineering and related fields
Major Trading Economies of the World	A series of statistics and graphs of the major trading economies of the world
Economica-Latin American Financial Information	This site offers a historical database tracking pricing, company reports, and local news on nearly 1,000 securities in Argentina, Brazil, Chile, Colombia, Mexico, Peru and Venezuela
Inter-American Trade Reports	IAT Reports delivers biweekly coverage of trade, commerce and legal developments, legislation and regulations from across LAC
Internet Resources for Latin America	A comprehensive site with updated information on LAC business, trade, economics, statistics and more
LACSA-Latin America and Caribbean Food Security	This site provides a multi-lingual link for individuals and organizations working in food security and related development issues in the Americas
LATINET	A commercial site in Miami fro promoting trade in and within LAC
V: Uruguay	
American Chamber Uruguay	Provides useful information about services offered by the Chamber, financial and legal regulations of the country, foreign investment regulations and also Uruguay focused within MERCOSUR
Camara de Industrias del Uruguay	Provides specialized information on Uruguayan economy
Chamber of Agroindustries and Exports	Provides information about services offered to associated agribusiness investors and trade unions
Economic Information	Site from the Embassy of Uruguay in US providing specialized economic information on Uruguayan economy
Uruguay	General information on business and commerce, economy and finance, education and technology, government and politics and more. Provided by Latin World
Uruguay-A Country Study	A comprehensive publication from the US Library of Congress
Welcome to Uruguay	A home page of the Embassy of Uruguay in Canada, providing general information about Uruguay
W: Venezuela	
AGROPLAN	Provides information on Venezuela's agri-food sector

IICA-CANADA WEB SITE: <http://www.iicacan.org>

September 1997

CONAPRI-Consejo Nacional de Promocion de Inversiones	Provides information on Venezuela economic indicators, business context, how to invest in the country and more
DCEA-Direccion de Censos y Estadisticas Agropecuarias	This site provides agricultural statistical information about Venezuela
Economic Aspects	Site from the Embassy of Venezuela in US providing specialized economic information on Venezuela economy
FUNDAGREA-Fundacion para el Desarrollo de la Agricultura Ecologica, Reciclaje y Energias Alternativas	Site providing information on the activities being carry out by FUNDAGREA in Venezuela
IESA-Instituto de Estudios Superiores de Administracion	Not-for-profit organization providing information on Venezuela productive sectors, prices, economy and finance, socio-economic indicators and more
OCEI-Oficina Central de Estadistica e Informatica	A site providing statistical information on many aspects of Venezuela
Servicio Autonomo de Sanidad Agropecuaria - SASA	Provides information on Ecuador's agricultural health services including national plant and animal pests and disease control programs, sanitary and phyto-sanitary emergency measures, and more
The Economy of Venezuela	Site providing information about the economy of Venezuela, including economic analysis and trends
Trade Venezuela	Provides information on business and investment opportunities in Venezuela
VenAmCham-Venezuelan American Chamber of Commerce and Industry	Provides information aimed at to enhance trade and investment between Venezuela and US
Venezuela	General information on Venezuelan economy and finances, business and commerce, government and politics, education and research and more
Venezuela en Numeros	A series of statistics and graphs about Venezuela
Venezuela Export Directory	A searchable index of information including export and import companies, products and services
Venezuela Online	Commercial site with news, business and travel information
Venezuela-A Country Study	A comprehensive publication from the US Library of Congress

X: Latin America & Caribbean

ALADI-Asociacion Latinoamericana de Integracion	Provides regional information on trade, statistics and more
C/LLA: Caribbean/Latin America Action	a private non-profit organization that promotes economic development by the private-sector. Offers information on conferences, newsletters, links to other sites, etc
Caribbean Export Development Agency	It provides information and a cost-sharing basis commercial and consulting services to regional and international clients
Caribbean Inlands-A Country Study	A comprehensive publication from the US Library of Congress
Caribbean Place	It is a marketing site for Caribbean-related companies, institutions and individuals to promote their business worldwide
Center for Latin American Capital Markets	Access to online stock exchanges, economic data, news and research reports on LAC capital markets
City.Net	A site which provides maps, yellow pages, news, Web guides, regional and local information to a series of countries
CLAD-Centro Latinoamericano de Administracion para el Desarrollo	Site providing information on the activities being carry out by CLAD
IDB-Research & Statistics	The IDB economic, trade and social databases
INTAL-Institute for the Integration of Latin America and the Caribbean	A site providing information on the programs and activities carried out by INTAL

IICA-CANADA WEB SITE: <http://www.iicacan.org> September 1997

Intelsat System Coverage Maps	Contains coverage maps for the current satellites as well as future planned spacecraft and future satellite locations in the INTELSAT operating regions
LACC-Latin America and Caribbean Center	A site providing information from the World bank, North American Development Bank, IMF, WTO, IDB, MERCOSUR and more
LAIC-Latin America Infrastructure Center	LAIC provides project information and macroeconomic data for Brazil, Mexico and MERCOSUR
LANIC-Latin American Network Information Center	Prepared by the Institute of Latin American Studies of the University of Texas. It is extensive database covering all Latin America and the Caribbean countries, including a wide-range subject directory which covers socio-economic aspects of LAC countries
LASA-Latin American Studies Association	The largest professional association for individuals and institutions engaged in the study of Latin America.
Latin America Trade Council of Oregon	Provides a calendar of events, publications and links to global marketing organizations
Latin World-Latin America on the Net	A comprehensive site providing a wealth of North America and Latin American and the Caribbean general information. It provides several links for each country covered by the site
USAID Data Base 1994	It provides selected economic and social data on Latin American and the Caribbean
Y: Included in every country from A to X	
AAALAC - Association for Assessment and Accreditation of Laboratory Animal Care International	Provides information on its mission, accreditation program, news, links and resources
Agro-Info Americas	On-line information network specialized in agriculture. Provides information relevant to agribusiness, as price reports, market surveys, product-specific postharvest guidelines, import regulations, input suppliers and new technology updates.
Andean Group	Including the Protocol of Trujillo (in Spanish)
APHIS: Animal and Plant Health Inspection Service	APHIS (USDA) provides information on phytosanitary import regulations and more. It works to ensure the health and safety of livestock and produce and to improve US agricultural output
Bioline Publications	An electronic publishing service for bioscientists, designed to meet their varied needs worldwide. In collaboration with the Bases de Dados Tropical, BDT (Brazil)
CAB International	An intergovernmental organization providing information, publishing and scientific services worldwide to agriculture, forestry, and many more
Canada-Chile Free Trade Agreement	Contains the agreement recently signed between the Parties
CARICOM-Caribbean Community and Common Market	Contains the agreement signed between the Parties
CARICOM-Colombia	Contains the agreement between the Caribbean Community and Colombia
CARICOM-Venezuela	Contains the agreement on trade, economic and technical cooperation between the Caribbean Community and Venezuela and additional information on that agreement
CATIE: Centro Agronomico Tropical de Investigación y Enseñanza	Offers education, training, research, publications, job opportunities and topics such as tropical crops and bio-diversity
CBOT AgriMarket	Provides "price discovery and risk transfer mechanisms for the agricultural community". Traders will find news concerning agricultural future and options, contracts, trading information and links to agricultural futures and options users
CBOT Internet Radio	On-line audio reports from Chicago Board of Trade containing up-dated information on commodities future and options, crop reports, economic outlook and more

**IICA-CANADA WEB SITE: <http://www.iicacan.org>
September 1997**

CBOT Market Information	Free quotes on all CBOT contracts, liquidity data bank, market profile, market commentaries, settlement prices, daily reports and more
CBOT MarketPlex	Provides a comprehensive list of sites for companies and individuals interested in agricultural futures and options.
CEC-Commission for Environmental Cooperation	CEC is a tri-national organization created by NAFTA to address environmental issues relating to trade in the hemisphere. This site also provides full text documents, books, treaties in Spanish, English and French
Central American Common Market	Contains the General Treaty on Central American Economic Integration between Guatemala, El Salvador, Honduras and Nicaragua
CFTC: Commodity Futures Trading Commission	Convenient access to major U.S. government reports on commodities traded at domestic commodity exchanges
CGIAR: Consultative Group on International Agricultural Research	This site provides press releases, directory of CGIAR research centers, a newsletter and other CGIAR publications
Chicago Board of Trade (CBOT)	Provides a wealth of information for professional traders. Traders can download 10-minute-delayed quotes, global commodity prices and analysts' forecasts
Chile-MERCOSUR	Text of the agreement between MERCOSUR and Chile for economic purposes
CICP - Consortium for International Crop Protection	Its purpose is to assist developing nations reduce food crop losses caused by pests while also safeguarding the environment. This site provides information on the CICP objectives, structure and services.
CME: Chicago Mercantile Exchange	The world's largest financial exchange, an international marketplace enabling institutions and businesses to manage their financial risk and allocate their assets. Future and options contracts traded on the CME include currencies, interest rates, stock indices and agricultural commodities

FAO Global Plant Quarantine Programme	Provides information on FAO's programme developed to support its member countries in the prevention of introduction of foreign plant pests and diseases.
FAO Plant Protection Service	It addresses international aspects of plant protection and closely cooperates with regional and national plant protection programmes
FAO: Emergency Prevention System (EMPRES)	Provides general information on prevention of plant pests, focusing on the desert locust, and animal diseases
FAO: Food and Agriculture Organization of the United Nations	The largest autonomous agency within the United Nations whose site offers current news, a global watch, sites of interest
FAOSTAT-Agriculture Statistics Database	Access to FAO largest agricultural database, at country level

**IICA-CANADA WEB SITE: <http://www.iicacan.org>
September 1997**

Free Trade Treaties	Site containing legal texts of recent treaties related to greater freedom of trade, and/or economic union. It provides information on WTA/GATT, NAFTA, Maastricht Treaty, and others
FTAA Working Group on Sanitary and Phytosanitary Measures	Provides information on the terms of reference of the Working Group, instructions for future work, schedule of meetings, and a list of available publications and databases.
FTAA: Free Trade Area of the Americas	This site provides a series of information on FTAA, bibliography on Western Hemisphere economic integration, and more
Futures & Options Exchanges	Provides phones, fax numbers and addresses of major commodity exchanges
Futures and Options Resources on the Web	Provides a list of links and valuable information to the futures and options market traders, researchers and enthusiasts
G3-Free Trade Agreement between Mexico, Colombia and Venezuela	Contains the general agreement signed between the Parties
GATT Information	Business News and Information on GATT agreement
GATT: General Agreement on Tariffs and Trade	General information on GATT
GCPF - Global Crop Protection Federation	Provides information on GCPF, publications, working groups, industry, position papers, links of interest, and more.
ICLAS - International Council for Laboratory Animal Science	Provides reports and documents of the meeting of ICLAS/CSIC Working Group on complementary methods
IDB: Inter-American Development Bank	IDB was established to accelerate economic and social development in the Americas. Offers information on socioeconomic and trade data, independent investigations, business opportunities, etc
IFAD: International Fund for Agricultural Development	Provides specific information about selected information services of the IFAD in alphabetical order by name
IICA in Argentina	Offers information concerning national statistics, local programs and initiatives, organizations, other IICA offices, etc.
IICA In Brazil	Offers information concerning local programs and initiatives, organizations, other IICA offices, etc.
IICA in Costa Rica	Headquarters. Description of Institute, lists of other offices, interests, etc.
IICA in United States	Offers information concerning the Northern Regional Centre location and other offices
IICA Saninet	Saninet is a regional information service on agricultural health coordinated through IICA's Andean Regional Center
IICA-Bolivia	This site contains information on IICA-Bolivia activities and links to other IICA Offices and international organizations
IICA-Centro Regional Andino	This site contains information on SANINET, a regional information service on agricultural health.
IICD-Institute for International Cooperation and Development	A non-profit organization promoting global understanding and international solidarity
IMF-International Monetary Fund	The web Page of IMF
Intellectual Property Provisions of GATT	It provides information related to intellectual property provisions of GATT, effects on Patent Laws, Trademark Protection, Copyright Law and many more specialized subjects
IPAnet	Promotes foreign investment in emerging markets and offers information sharing and marketing opportunities to the international business communities. Sponsored by the World Bank Group
IPPC-Secretariat of the International Plant Protection Convention	Provides information on the mission of the IPPC Secretariat, with links to the Regional Plant Protection Organizations, the WTO Agreement on Sanitary and Phytosanitary Measures

IICA-CANADA WEB SITE: <http://www.iicacan.org>

September 1997

ISAAA-International Service for the Acquisition of Agri-biotech Applications	ISAAA is an organization aimed at facilitating the acquisition and transfer of agricultural biotechnology applications from the industrial countries to developing countries for their benefits
ISPP - International Society for Plant Pathology	Provides information on the ISPP objectives and structure, newsletter, international scientific events, and more.
ITINET: La Red de las Americas	Homepage with direct-link icons to data banks, economic and financial data, publications, etc. in the Americas
IWSS-International Weed Science Society	Provides information on scientific events, access to Weed Science Journals and links to the Integrated Plant Protection Homepage
Latin America Maps	Maps of Latin America, at regional (Central and South America and The Caribbean) and at country's level
Maps of the Americas	Provided by the University of Texas at Austin
Maps of the Americas	From the Perry-Castaneda Library Map Collection
MedWeb	Access to worldwide information on veterinary associations, veterinary colleges, veterinary specialties, etc
MERCOSUR	The home page of the World Wide Web Infoserver of MERCOSUR. This site provides information on MERCOSUR and a variety of business and organizations' links
MERCOSUR and the European Community	Agreement signed in December 1995 between MERCOSUR and the European Community for cooperation
MERCOSUR and the European Community	The legal framework of the agreement between Mercosur & the European Community
MERCOSUR-Ouro Preto Protocol	Additional protocol on the original MERCOSUR Institutional Framework, signed in December 17, 1994
MERCOSUR-Southern Common Market	Legal and technical information on MERCOSUR-Southern Common Market (also known as the Treaty of Asuncion)
Mexico-Costa Rica Free Trade Agreement	Contains the general agreement and its purposes
NAFTA	General information and text of the agreement
NAFTA	Emphasis on the agricultural and sanitary and phytosanitary provisions of NAFTA
NAFTA	Information provided by Internet Resources on International Economics & Business. Links to NAFTA Offices in Canada, Mexico and USA
NAFTA and GATT-Intellectual Property Issues	A site providing information on these two agreements and how they interrelate
NAFTA Information	Business News and Information provided by IMEX Exchange
NAFTA Net Mexico	NAFTA Web site from Mexico
NAFTA: North American Free Trade Agreement	information related to trade, agriculture, biodiversity and intellectual property
NAFTANET	A site sponsored by North American Forum, providing excellent information on NAFTA
NAPPO-North American Plant Protection Organization	This site provides information on the cooperative work being developed between Canada, Mexico and USA in the area of plant protection
